

# DESTINATION: CLOUD CONTROL

## SOFTCAT'S AWS AAA SERVICE

The public cloud can be overwhelming when you don't know where to start. We simplify the process, so you can keep moving forwards quickly, securely and confidently.

Our AWS Automated Adoption Accelerator (AWS AAA) service helps you embrace all the benefits - from getting you off to a strong start to giving your team the tools they need to succeed. The result? You're constantly getting the most value from the cloud.

### GET SET UP & GO

Take the complexities out of the cloud and take advantage of the latest tools quickly with our expert guidance.

### STAY SAFE

Combat threats and protect your business with a bullet proof service that will improve your ability to meet core security and compliance requirements.

### COST SAVVY SOLUTIONS

Keep costs low by monitoring exactly how much you're spending with our Cloud Intelligence Service (CIS) and see where you can make big savings.

### POWER ON

It doesn't stop once you're set up - continue to accelerate your cloud journey with our training days and specialist advice.

### KEEP MOVING

We can help you unlock more possibilities by designing and deploying other services and products as and when you need them.

### READY TO GET STARTED?

By combining the power of automation with our engineers' hands-on experience, you can migrate to AWS in a flash. Our rock-solid solutions are also architected to best practices and top security standards to keep you protected from risks

### WHAT'S NEXT?

When you're set up, our highly experienced technical consultants will train your team to bring home the benefits of the cloud. Their tailored advice will give you the means to achieve your unique business goals. That's not all - we'll stand by you and support you by offering our complimentary AWS Platform Service powered by Cloud Health to ensure you are running and managing your AWS environment in the most efficient way.
