

# MICROSOFT 365 ADVISORY SERVICE

Helping you to build an efficient, secure and successful Microsoft 365 environment.

DIGITAL WORKSPACE

## HOW DOES THE SERVICE WORK?

We can provide a workshop either remotely or at your location, showcasing Microsoft 365 and its ability to provide flexibility and choice to users. Our experts share detailed information to deepen your understanding of Microsoft 365, explaining more about the services, license bundles, Enterprise licensing and security features. Additionally, we look in greater depth at applications and features such as Exchange Online, SharePoint Online and OneDrive for Business, as well as exploring Azure. We show how Microsoft 365 provides flexibility, with device choice for users, and deployment automation and advanced security, making it a core part of a modern workplace transformation.

## BENEFITS TO YOU

### People

We focus on what benefits Microsoft 365 can bring to your users to enable them to work in a secure and productive way.

### Platforms

Understanding your existing infrastructure and applications allows us to provide the best recommendations for future adoption.

### Commercial

We talk through different license use cases and which types of users would benefit licenses to ensure that you never pay more than you need.

## SUITABLE FOR YOU IF...

- ✓ You are considering Microsoft 365 as a core part of a Modern Workplace transformation
- ✓ You want to find out more about the benefits of Microsoft 365
- ✓ You're looking for advice on Microsoft 365 licensing options
