# SECURE, INSIDE AND OUT

**Samsung Galaxy Tab Active5**

Whether they're working all night in a bustling hospital or spending their days on a busy building site, frontline workers all need the same thing. Secure, adaptable tech that's tough enough to keep them efficient in demanding environments.

With defence-grade security, 5G connectivity<sup>1</sup> and convenient POGO charging,<sup>2</sup> the rugged Samsung Galaxy Tab Active5 pairs a tough exterior with smart Samsung Enterprise Edition features. Giving frontline teams everything they need to stay protected and productive in the office or in the field.

# KEY FEATURES

## Empowering security

Samsung Knox security protects users' sensitive data from the chip up. While Knox Suite helps to simplify IT teams' workflows, with tools that streamline secure deployment, management and analysis of devices for enhanced efficiency.

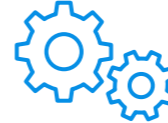

## Reliably tough

With a display shielded by Corning® Gorilla® Glass 5, the Galaxy Tab Active5 is designed to protect productivity in unpredictable environments. And thanks to IP68<sup>3</sup> and MIL-STD-810H compliance, it can withstand splashes, drops, dust and even extreme temperatures.<sup>4</sup>

## Game-changing connections

Featuring both Wi-Fi 6 and 5G mobile connectivity, the Galaxy Tab Active5 ensures frontline workers don't have to worry about their location when making essential calls.<sup>5</sup> And with dual-band GPS and Knox Asset Manager, it's simple to track down missing devices.

## Adaptable operations

Thick gloves or full hands are no obstacle with Active Key. Mappable by admins across the fleet, it lets users launch the selected app with a single click. While the fast-charging, swappable 5,050mAh battery lets busy teams work for longer with confidence.<sup>6</sup>

## Device specs

13MP rear and 5MP front camera

Fingerprint, Hall, Light, Geomagnetic, Gyro and Proximity sensors

No Battery Mode and 15W Fast Charging

Exynos 1380 processor

Protective Cover, Travel Adaptor and IP68-compliant<sup>3</sup> S Pen

Expandable memory up to 1TB with MicroSD card<sup>7</sup>

# SOFTCAT AND SAMSUNG

## An unstoppable partnership

At Softcat, our decorated 10-year partnership with Samsung knows no bounds. We were crowned Samsung's 2022 Elite Partner of the Year at the Samsung One Awards and Partner of the Year in 2023. Combined with our status as a top-three IT reseller partner for display, this means we've got the knowledge and skills to help you unleash the potential of the Galaxy Tab Active5 for your organisation.

Our multidisciplinary Workspace Specialist team is made up of Samsung experts – providing tailored, scalable solutions to overcome your challenges and meet your unique ambitions for the fluid-working world. To start your journey to more secure, productive frontline work, get in touch with your Softcat Account Manager today.

**Contact Softcat**

1. 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.
2. POGO charging dock sold separately.
3. IP68 is based on test conditions for submersion in up to 1.5 metres of freshwater for up to 30 minutes. Not advised for beach or pool use. Water or dust damage not covered by warranty. Rinse residue/dry after wet. Not advised for beach or pool use.
4. Device tested to withstand drops up to 1.8m with protective cover.

5. 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment.
6. Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life may vary depending on network environment, usage patterns and other factors.
7. MicroSD card sold separately.
