

MICROSOFT FASTTRACK PROGRAMME

Making your Microsoft 365 experience seamless, from migration to operation

HOW DOES THE PROGRAMME WORK?

It's a complementary programme for Softcat customers, made available with your Microsoft 365 licence (150 seats or more). The programme gives you access to advice around planning and further adoption to simplify life for your teams. FastTrack from Softcat can help you evolve your Microsoft 365 environment and support the onboarding of additional workloads. With this programme, you'll gain the expertise and support of a dedicated Customer Success Manager and a FastTrack engineer, so you can receive more value from your investments.

BENEFITS TO YOU

People

This programme is designed to ensure that customers get the most out of their investment and utilise their technology to the best of their ability. Customers will receive onboarding guidance for individual workflows to implement at their own pace.

Platforms

We use workshops and assessments to gain an understanding of your situation and guide you towards maximising your investment. You will also gain an overview of documentation, software tools and admin consoles that are relevant to your business.

Commercial

The cost is included as part of your subscription with no hidden costs. The point of the programme is to make sure that your organisation is maximising your investment, not to increase our margin.

SUITABLE FOR YOU IF:

- ✓ You have 150+ Microsoft 365 licences
- ✓ You want to empower employees in a hybrid working world
- ✓ You want to maximise your investment and achieve greater efficiency
- ✓ You want to build your confidence in Microsoft 365 and gain access to features within the suite including Office 365, Enterprise Mobility and Security and Windows 10/11
