

COPILOT FOR M365 READINESS WORKSHOP

Helps you assess your readiness for adopting Copilot for M365 and provides you with recommendations and best practices to enable it across your organisation.

HOW DOES THE SERVICE WORK?

The Copilot for M365 Readiness Workshop is a two-day engagement delivered by Softcat, a Microsoft partner.

On the first day, there is a discovery session where our consultants interview key stakeholders from your IT, security, and business teams to understand your current environment, challenges, goals, and expectations for Copilot for M365.

On the second day, our consultants deliver a report summarising the findings from the discovery session, providing a readiness score and a gap analysis for you, and outlining the next steps and recommendations for implementing Copilot for M365.

BENEFITS TO YOU

People

Copilot for M365 can help you unleash your creativity by generating content, ideas, insights, and more with just a few words or clicks.

It can save time and effort by handling time-consuming office tasks, freeing users to concentrate on their essential responsibilities.

Technology

Copilot for M365 is integrated with Teams, Word, Outlook, PowerPoint, Excel, and other Microsoft 365 apps, providing real-time intelligent assistance. It can also connect to data in third-party apps using Copilot Studio.

Organisations are even creating their own Copilot to enhance common roles in areas such as finance, sales, and services.

Commercials

Copilot for M365 can help you do more with your Microsoft investment by deploying Microsoft Security and Compliance services.

This can help you on your journey to becoming ready for Microsoft 365 Copilot while adhering to Microsoft's Responsible AI principles.
