

# AZURE AAA SERVICE

Simplifying your cloud journey with a standardised, automated deployment of Azure with transparent costs.

## HOW DOES THIS SERVICE WORK?

By utilising public cloud, you can reap huge benefits from heightened agility to deal with ever-changing demands and time freed up from maintaining on-premises kit. Our Azure Automated Adoption Accelerator Service (Azure AAA) will provide a quick, easy, and low-cost way to take your first steps into Azure. Within this service, you will receive:

### Automated deployment

Standardised landing zone deployment and handover in line with Microsoft best practice.

### Safe and secure

Meeting stringent standards of the Centre for Internet Security (CIS) Benchmark to provide a secure, effective cloud solution.

### Transparent costs

Agreed upfront with a low-cost model so you know exactly how much investment is required.

## BENEFITS TO YOU

### People

This service offers customers training and support to ensure they are making the most of their Azure deployment. It is designed to remove the complexity of moving to cloud to allow them to focus on putting their people's needs first.

### Platforms

The service is designed to take the customer's Azure experience to the next level in a way that not only aligns to the business' objectives, but that is also standardised in line with Microsoft best practice and meets the stringent security standards.

### Commercial

The service is agreed upfront, with a low-cost model to ensure the customer knows exactly how much investment is needed.

## SUITABLE FOR YOU IF...

- ✓ You are looking to move to Azure
- ✓ You want to make the most of your cloud environment
- ✓ You're looking to kick start your cloud environment
- ✓ You need expert advice and help with the best route to adopting Azure
- ✓ You need a repeatable Azure landing zone deployed

## WORKS WELL WITH

### Azure Strategy Advisory Service

Understand your strategy for moving to cloud.

### AVD Adoption Accelerator Service

Speed up deployment of AVD in Azure, including a pilot deployment, with building and configuration from our in-house experts.
