

Softcat Integrated eCommerce

Integrated eCommerce means that buyers benefit from the fast changing IT industry rather than just trying to keep up with it. Softcat understands the benefits of an integrated e-procurement process and the importance of being ahead of the curve. In addition to our online catalogue we have a structured eCommerce service and the necessary skills to have online procurement work in the way our customers need.

An Integrated Solution

Whether wishing to implement e-catalogues, punch out or include e-invoicing, Softcat provide seamless integration with applications such as, Ariba/SAP, Oracle, Elcom, Science Warehouse Commerce One and more. Our eCommerce platform, eCAT, provides integration on a local or global level to suit your eProcurement initiatives. Whatever your protocol or document type, (cXML, xCBL, OBI, etc.) you can securely and easily integrate with Softcat.

A Dedicated Team

Softcat's eBusiness team have a wealth of experience in implementing eCommerce integration projects with customers ranging from SME to International Enterprise operations, both public and private sector organisations too. Working closely with your sales Account Managers, the eBusiness team ensure a commercial and technical translation to see your purchasing strategy targets are met.

Our developers have over a decade of eCommerce experience dedicated to supporting high turnover companies often requiring bespoke functionality. Also, we have the ability to adapt to meet the most complex needs of our clients.

Our Belief

Our belief is in our platform which has been developed to follow a philosophy of pure, clean code. It provides simple, speedy and scalable integration into back office systems, portals and procurement products and thereby delivers benefits to our customers.

A Consultative Approach

The planning and information gathering process is crucial to successful delivery, the eBusiness Team at Softcat are eager to hear what you require from your eProcurement strategy either on your site or we would welcome you to an eCommerce workshop held at Softcat Marlow, Moorgate or Manchester.

Contact Us

Softcat's eBusiness team would love to discuss your requirements further. Please contact Steve Reeves, our eBusiness Development Specialist at ecatteam@softcat.com
